Guidelines for Patients and Families

Occupational Therapy*Physical Therapy*Speech Therapy

It is our mission to provide quality healthcare services in a caring manner to each individual we serve. To accomplish this mission, we wish to educate our patients and families on the expectation for participation in our therapy program.

The therapy program set up by our therapist is individualized to improve the quality of life for you and/or your family. In order for us to accomplish our goals together, we ask for your commitment to the following items:

1. Please arrive on time for your therapy session. If you are more than 15 minutes late for your session, therapy will need to be rescheduled or cancelled.
2. In order for effective home programming, the caregiver(s) must be available at the conclusion of therapy session to discuss patient progress.
3. Siblings will not be allowed in the treatment area for liability reasons.
4. If your child is absent from the scheduled therapy session more than twice in one month, we will consider discharge. If an acceptable reason, such as illness or being out of town is provided, we will not consider this a missed visit if proper notification is provided.
5. Please notify us 24 hours in advance of any cancellation, or as soon as an acceptable absence from therapy is identified.
6. Please excuse our family member from their scheduled session if they have experienced any of the following in the past 24 hours:
 - Fever > 100° without aid of fever reducing medication
 - Diarrhea or vomiting
 - Rash
 - Lice
 - Chicken Pox
 - Pink Eye (must refrain from therapy for 48 hours)

I have read and agree to follow the above recommendations.
